1. Claims 1-11 are presented for examination.
2. The title of the invention is neither descriptive nor precise. A new title is required which should include, using twenty words or fewer, claimed features that differentiate the invention from the Prior Art. The title should reflect the gist of or the improvement of the present invention.
3. Claims 1-11 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
 - a) Regarding claims 1-11, the use of word, any verbs plus able, (e.g., recognizable, applicable, etc.) renders the claims indefinite because this term "able" implies that the action may or may not be happened, thereby rendering the scope of the claim unascertainable. See MPEP § 2173.05(d).
 - b) Regarding claims 1-11, the phrase "such as, "to be realized", etc. renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d).
 - c) Regarding claims 1-11, The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.
4. Claim 1-11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
